Important Information About an Introductory Annual Interest Rate Offer on Balance Transfers

General: This Important Information section only applies to you if this Application contains an introductory annual interest rate offer for balance transfers. However, this offer may not be valid if you are participating in, or have been solicited for, another Citibank Canada balance transfer program offering.

To take advantage of this offer, your Citi MasterCard account must be open and in good standing.

Balance transfers may only be made in Canadian funds and may not be used to pay down any Citibank Canada account. You may transfer any amount, up to your available credit limit. If the total of the balance transfer amounts requested in this Application, if approved, exceeds your available credit limit, your first Balance Transfer Request (up to your available credit limit) will be completed, and any available credit remaining will be applied to your second Balance Transfer Request.

Introductory Annual Interest Rate (Balance Transfers): The introductory annual interest rate for this offer applies to balances posted to your Citi MasterCard account for the promotional period indicated in this Application

or until those balances are paid in full, whichever comes first. Any transferred balance remaining after the promotional period has expired, as well as purchases and cash advances made at any time, are subject to the standard annual interest rate on your Citi MasterCard account, as indicated in the above card product information chart. Please refer to your Citibank MasterCard Cardmember Agreement for interest calculation and other details. Each balance transfer amount will appear on your Citi MasterCard account statement as a "Balance Transfer". However, interest will be charged on that amount from the date it is posted to the account. Payments and other credits will be applied first to balance transfer amounts at an introductory annual interest rate, then to Interest-Bearing Purchases at an introductory annual interest rate, and then to other Account indebtedness in the manner set out in your Citibank MasterCard Cardmember Agreement.

Your completed Application, and each Balance Transfer Request, must be received by April 30, 2006 to qualify for this balance transfer offer.
